

## Human Anatomy and Physiology I Syllabus Fall 2024

### Course Information

Course Title: Human Anatomy and Physiology I

CRN: 10036

Course number with Section: BSC 2085C-(2)

Course Description: This course is the first part of a two-semester sequence in which students examine human anatomy and physiology through a systems approach based on the interaction between form and function, from the microscopic components of cells and tissues to the organismal level. Emphasis is placed on histology and the integumentary, skeletal, muscular, and nervous systems.

Course Location: Science (#34) rm/108

Course Day and Time: M/W 8:30-10:35 AM

Prerequisites: Successful completion of an NFCC developmental reading course option or appropriate reading placement score on a postsecondary readiness test. Exemptions may exist; consult an academic advisor.

### Instructor Information

Name: Dr Greg Molnar

Office Location: Science (#34) rm/109

Office Hours: MW 10:35-1:35, 7:35-8:35 PM; TR 10:35-11:35 AM, 7:35-8:35 PM.

Phone Number: (850) 973-1644

Email: molnarg@nfc.edu

Instructor Response Time for Phone/Email: End of next business day.

Department Chair: Dr. Guenter Maresch

Department Chair Email: mareschg@nfc.edu

## Required Curriculum/Textbook and Course Materials

Your course is included in the Follett Access Program. You will receive an email regarding your textbook from Follett, the NFC bookstore. Through Follett Access, your textbook and materials are less costly and they are automatically in your D2L course on the first day of class. If you choose to opt out of this program, you will need to follow the process on the email you receive and you will be responsible for purchasing all required materials for this course. If you have any questions regarding this process, please contact support at <https://customersupportcenter.highered.follett.com/hc/en-us>.

For textbook questions, please contact [bookstore@nfc.edu](mailto:bookstore@nfc.edu)

**Required Course Materials/Supplies:** Access to a computer with high-speed internet. Minimum Technological Requirements and Skills: This class will require a **basic** understanding of Microsoft Word, Power-point, and Excel. In addition, internet usage will be required. NFC does a great job providing help to any student requiring additional skills with technology. **If this class is forced to go 100% online, students will need to take their remaining tests using a computer that has a built-in camera and capable of running our test security software.**

## Grading Policy and Assessment Methods

Course Grading/Student Performance Evaluation:

1. Four tests (approximately 30%). Test will consist of multiple choice, vocabulary, and written response. **One test can be missed. To make up for the missed test, your percent scored on your final will be used to calculate percent for the missed test.**

Test schedule:

**Test one, 9-11-24 in science room 108**

**Test two, 10-2-24 in science room 108**

**Test three, 10-23-24 in science room 108**

**Test four, 11-18-24 in science room 108**

2. Vocabulary quizzes (approximately 10%). 8 quizzes will be given. **Students can miss 1 quiz without penalty.**
3. Labs (approximately 20%). Labs can be turned in any time during the semester. However, maximum score on late work is 60%. **All lab quizzes must be taken the day they are scheduled in class.**
4. Online work (approximately 20%). Connect online quizzes/labs will accompany each chapter. **Students can miss 1 online assignment without penalty (NO MAKE-UP PROVIDED).**
5. Final exam (approximately 10%). Required and cumulative. **Final exam: 12-4-2024 @ 8:00 AM in science room 108**

**Grades:** All grades are kept in a D2L gradebook. Using D2L students can access their grades anytime throughout the semester.

In D2L, grades are shown as a percent. Your percent can be converted to a letter grade using the scale below.

A = Greater than or equal to 90%

B = Greater than or equal to 80%, but less than 90%

C = Greater than or equal to 70% but less than 80%

D = Greater than or equal to 60% but less than 70%

F = Less than 60%

## Outcomes/Objectives

### GENERAL EDUCATION PROGRAM LEARNING OUTCOMES

- 1. Communication Skills: Students will demonstrate competence and understanding in both oral and written expression.
- 2. Critical Thinking: Students will demonstrate mastery of discipline-specific problem-solving skills.
- 3. Diversity: Students will interpret and evaluate societal and ethical issues, problems and values specific to time and place.
- 4. Technology: Students will demonstrate competence in use of technology appropriate to course and/or circumstance.

## Course Level Student Learning Outcomes/Goals

Course Level	Gen Ed	<u>Summative Assessments</u>
SLO #	Outcome #	(A student artifact: A specific assignment that could be submitted as evidence of Education competency)
1	1	Lab Report showing competence in written communication.
2	2	Mastery of a broad set of Anatomy & Physiology knowledge by recognizing correct answers to questions on exams. In addition, specific labs will be used to demonstrate critical thinking.
3	3	Answer multiple choice questions concerning the role of women in science.

4

4

1. Demonstrate the use of a microscope by capturing a digital image, including a label, and incorporate this image into a lab report. 2. Interpret and/or predict data from data provided in class.

## Course Content and Schedule

### COURSE CONTENT:

1. List the major properties for the 12 organ systems.
2. Understand anatomical and directional terms.
3. Students must learn about the different body cavities and the membranes associated with each cavity. Also, students must be able to specify what organ(s) are found within a specific body cavity.
4. Understand how elements (C-H-N-O-P-S) combine to form a small set of useful organic compounds (proteins, nucleic acids, carbohydrates, and lipids) and how these compounds provide the raw material for cellular structure and function. In addition, the role of these organic compounds in nutrition will be learned.
5. Understand intermediate metabolism/nutrition with respect to: 1. ATP generation (glycolysis, Krebs cycle, and electron transport chain), 2. amino acid metabolism, and 3. Fat metabolism.
6. Describe the characteristics and functions of cells.
7. Understand that organelles are components of the cell that perform specific functions. Understanding the functions for each organelle will allow students to associate cellular dysfunction (disease) to a specific organelle.
8. Differences between cells will be learned based on differences in gene expression.
9. Cell division will be learned using the cell cycle as a model. Uncontrolled cell division (cancer) will be learned from the standpoint of mutations within genes that control cell division.
10. Students will learn about the potential use of stem cells for replacing diseased cells or organs.
11. Human development will be learned from fertilization to the formation of the 4 primary tissues.
12. Students will describe the characteristics and functions for epithelial, connective, muscle, and nervous tissues in the body. Each tissue type will be learned based on structure and function at the microscopic level.
12. Describe the structure and function of the integumentary system.
13. The structure of skin will be reviewed and the idea that a tissue is composed of numerous cell types will be emphasized using skin as a model.

14. Cancers associated with the skin will be learned.
15. Composition and structure of bone will be learned.
16. Students will understand the role of bone tissue in maintaining calcium homeostasis.
17. Major bones of the axial and appendicular skeleton will be learned.
18. Articulations of bones will be learned in relation to range of motion.
19. Understand the anatomy and physiology of muscle tissue.
20. Understand how ATP, calcium, and contractile proteins interact to produce a muscle twitch.
21. Learn the major muscles of the body.
22. For specific muscles; the bones they move, and the range of motion they produce will be learned.

#### Early Alerts:

**#1: September 10<sup>th</sup> – 11<sup>th</sup>**

**#2: October 10<sup>th</sup> – 11<sup>th</sup>**

## NFC Course Policy Statements

I will communicate with the class using D2L news; please check the D2L News for this class several times a week. Attendance is critical since most class periods will include a laboratory component or quiz.

Show up for class ready to work/learn. TAKE GOOD NOTES. Lectures and other resource material can be found on D2L. Print off lecture slides and put notes from the book or lecture onto these printed slides. Rule of thumb: 5-10 minutes in book/slide. Form a study group; working in a group can often help your preparation for the test.

Most of your test questions (70%) will be derived from lecture slides; use these slides as your roadmap for learning. After reviewing the first test, convince yourself (or see me and I will convince you) that information to answer test questions can be found in your slides/notes, online quizzes, vocabulary, or labs. Once you have convinced yourself of this, you can take responsibility for your success by learning this information for future tests.

If you feel I have made a mistake in grading your assignment, or posted the grade incorrectly, it is your responsibility to let me know. Students must have a dependable computer system and internet access for this class. Online quizzes have only one attempt, and a disconnection in service will cause that attempt to be final.

Approximately fifty percent of this class is non-test material that you should score well on if you are willing to work hard and get assignments in on time. Take advantage of these non-test points. Ask me about any concepts you are having problems with prior to the test.

## NFC Information and Policy Statements

### Academic Honesty

NFC is committed to providing a high-quality educational experience to all students, and students are expected to follow appropriate and honest academic practices. This information is available in the Academic Regulations section of the college catalog at [www.nfc.edu](http://www.nfc.edu). All cases of academic dishonesty will be reported to the Office of Academic Affairs.

One method for the detection of academic dishonesty for written assignments is the use of Turnitin to review assignments for improper citation, plagiarism, and improper use of artificial intelligence, such as generative AI. Turnitin compares each student's submission against material on the internet, academic sources, and the repository of works submitted to Turnitin in the past. A comparison document called the *Similarity Report* details the areas of a student paper that may have been documented incorrectly or used improperly. The *Similarity Report* also includes an AI-indicator percentage and highlights writing that is determined to be generated by artificial intelligence. Refer to instructor's course policy statements for usage details.

### Statement about Generative AI Technology:

Individual course instructors are free to set their own policies regulating the use of generative AI tools in their courses, including allowing or disallowing some or all uses of such tools. Course instructors should set such policies in their course syllabi and clearly communicate such policies to students. Students who are unsure of policies regarding generative AI tools are encouraged to ask their instructors for clarification.

Use of or consultation with generative AI shall be treated analogously to assistance from another person. Absent a clear statement from a course instructor, using generative AI tools to complete an assignment or exam (e.g., for idea generation or for entering exam or assignment questions) is not permitted. Students should acknowledge the use of generative AI and default to disclosing such assistance when in doubt.

### Attendance Policy

Regular and consistent attendance facilitates student success. Absences beyond the equivalent of two weeks of class are considered to be excessive and thus may impact a student's course grade. Typically, two weeks of class would be described as follows:

- For a three-credit hour class that meets MW or TR: 4 class meetings (2 weeks).
- For a three-credit hour class that meets once a week for three hours: 2 class meetings (2 weeks).

Students are responsible for material covered during their absence. Refer to instructor makeup policy.

**If there is no verifiable participation within the first week of the term, a student will be dropped from the class for non-attendance.** This includes classes delivered in face-to-face, online, or hybrid format. See instructor policy.

### **Textbook Purchases**

All required course materials are listed in the Virtual Bookstore tab on NFC's homepage. Course materials purchased through Follett, NFC's only contracted vendor, can be charged against a student's financial aid account. Course materials may also be purchased from any other source with the understanding that these non-Follett purchases cannot be charged against a student's financial aid account.

### **Used Book Purchases**

Students should check the Follett book list found in the Virtual Bookstore tab on NFC's homepage for correct titles and editions. Note: The ISBN listed in Follett may include both the required text and a required access code. When considering purchasing used books, students should be sure the purchase includes the ACCESS CODE in courses where required. If not, the access code must be purchased separately at an additional cost.

### **Students/Visitors: Where to Park on Campus**

If you have any questions about parking on campus, contact Campus Security at (850) 973-0280. Park in designated parking spaces only. Do not park on the grass or in undesignated areas. Faculty/Staff parking areas are to be used only by full- and part-time employees of the college. Faculty and staff parking spaces are lined in yellow and are clearly marked "STAFF". Students and visitors can park in any spaces that are lined in white. **NOTE: Some visitor parking spaces are lined in yellow with the word "Visitor" in the center. These are for visitors only. Students are not allowed to park in these spaces. Vehicles cannot be parked by backing into the space. Any vehicle that is illegally parked will be towed at the owner's expense. Refer to the college catalog or student handbook for all other parking regulations.**

**Enforcement:** If a vehicle is parked illegally anywhere on campus, it is subject to be towed at the owner's expense (\$85.00+). An illegally parked vehicle will be given a **WARNING on the FIRST OFFENSE. There will be no second warning.** Illegally parked vehicles will be **TOWED ON THE SECOND OFFENSE.** Signs will be displayed near parking areas with the name and address of the company to contact if the vehicle is towed.

The company that tows the vehicle is an independent company contracted by North Florida College. The College has no authority to negotiate towing fees and is not in any way responsible for damage or liability to the vehicle or its contents. The company that provides the towing service is:

Jimmie's Firestone  
6025 South SR 53  
Madison, FL 32340  
(850) 973-8546

### **Campus Security**

The administration of NFC works diligently to make the campus as safe as possible. A few of the procedures in place include the use of security officers, the placement of security lights at strategic locations, and the locking of buildings when not in use. Students should always be alert and use normal precautionary measures at all times. Campus crime statistics are documented annually and are available in the college catalog. Campus security can be contacted at 850-973-0280 from 7:30 a.m. until 11:30 p.m. for assistance while on campus with non-emergency security concerns. All emergency incidents should be reported directly to 911.

## Library Services

The Marshall Hamilton Library, located in Building 4 at NFC, is open during the following hours (hours are subject to change):

### Fall/Spring Term

Monday – Thursday 8:00 a.m. – 7: 00 p.m.

Fridays 8:00 a.m. – 4:30 p.m.

### Summer Term

Monday – Thursday 8:00 a.m. – 4:30 p.m.

Resources and staff are available in the Library to support student learning in the classroom. Students are encouraged to visit our website and use the online resources. Students may make an appointment to receive help or use computers during the posted hours. Librarians are on duty to help with questions and research strategies. To gain access to the Library's extensive collection of electronic resources such as eBooks and academic databases with full-text articles, students will use the Single Sign-on through the MyNFC portal or Library Website. Students should contact the library at [library@nfc.edu](mailto:library@nfc.edu) or call (850) 973-1624 if they are having login issues. Online library resources are available to students 24 hours a day through the Library's website, <https://www.nfc.edu/learning-resources/>. Wireless Internet is also accessible in the Library and on the patio after hours. Specific policies and regulations applicable to the Library are available in the Library or by visiting the Library's website.

## Academic Success Center

The Academic Success Center (ASC) exists to provide all NFC students, regardless of academic proficiency, the help and support necessary to ensure successful completion of studies and programs. Services include one-on-one peer and professional tutoring assistance, online tutoring, organized group study sessions, workshops, study skills training, academic coaching, web resources, and more. The ASC takes pride in working closely with faculty and staff to develop resources and to support the various academic programs offered at NFC.

**Walk-in and by appointment services:** Students may visit the ASC (Bldg. 4) for in-person services or make an appointment to receive in-person or virtual academic support services during the posted hours:

### Fall/Spring Term

Monday – Thursday 8:00 a.m. – 5:30 p.m.

Fridays 8:00 a.m. – 4:30 p.m.

### Summer Term

Monday – Thursday 8:00 a.m. – 4:30 p.m.

- **Workshops, organized group study sessions, and professional tutoring:** See the ASC calendars and schedules on NFC's website for specific dates, times, and delivery methods. For additional information visit <https://guides.nfc.edu/asc>.

## Tutor.com Online Tutoring

Online tutoring is available to NFC students 24 hours a day, 7 days a week, through Tutor.com. Tutor.com offers 1-to-1 tutoring available on demand in 250+ subjects, 24/7 Anytime, Anywhere.

For more information about accessing the Tutor.com online tutoring service, see the ASC webpage or contact Elizabeth Gonzales at [gonzalese@nfc.edu](mailto:gonzalese@nfc.edu) or (850) 973-1719 and/or Brianna Kinsey at [kinseyb@nfc.edu](mailto:kinseyb@nfc.edu) or (850) 973-9458.

For **any** additional information regarding services provided by the **Academic Success Center**, please contact any of the following:

- Elizabeth Gonzales, Academic Success Center Coordinator (850) 973-1719 / [gonzalese@nfc.edu](mailto:gonzalese@nfc.edu)
- Academic Success Center (ASC) (850) 973-1624 / [asc@nfc.edu](mailto:asc@nfc.edu)

### **Americans with Disabilities Act**

NFC is dedicated to the concept of equal opportunity. Students desiring modifications in class or on campus due to a disability may choose to inform the instructor at the beginning of the semester or contact the Disability Resource Center directly. Accommodations and modifications will be made after the student registers with the Disability Resource Center and provides appropriate documentation of disability. After the documentation is evaluated, the instructor may be involved in providing accommodations to equalize the student's educational experience. Students may call (850) 973-1683 (V) or (850) 973-1611 (TTY) for an appointment or additional information.

### **Technology Access**

All NFC online learning tools are available on the MyNFC portal. To access the portal, students should click the MyNFC link at the top of the NFC website (<http://www.nfc.edu>) or type the following URL into the Internet address bar: <https://my.nfc.edu>. **When accessing the portal for the first time, students should click the "First Time User" link and follow the instructions to set up the account.**

Each NFC student is provided an email account through GoMail. The student's GoMail account is the official email address used by faculty and staff for communication with the student. A student can access his/her GoMail account via the MyNFC portal. Students are expected to check their GoMail accounts regularly.

Desire2Learn (D2L) is the learning management system that houses all online and supplemented face-2-face courses. Students can log in to an online or supplemented course by accessing the MyNFC portal. Students will then see their course(s) listed under the "My Courses" widget on the D2L homepage. Click the name of the course to begin.

### **Student Ombudsman**

The Student Ombudsman provides confidential, informal, and neutral assistance to students seeking to resolve disputes or address issues of importance. The Student Ombudsman does **not** serve as a student *advocate*, but rather serves as a guide to assist students in the navigation of College organizational structure and in understanding of policies and procedures. David Paulk is the current Student Ombudsman. He can be reached at (850) 973-9418 or [paulkd@nfc.edu](mailto:paulkd@nfc.edu).

### **Equal Opportunity Statement**

North Florida College is dedicated to the concept of equal opportunity and access to all programs and activities. In accordance with federal and state laws, and College policy, NFC does not discriminate in any of its policies, procedures or practices on the basis of race, ethnicity, color, religion, sex, national origin, gender, age, disability, pregnancy, marital status, genetic information or any other characteristic protected by law. Inquiries or complaints regarding equity issues of any nature may be directed to Denise

Bell, Equity Coordinator, 325 NW Turner Davis Drive, Madison, FL 32340, Telephone (850) 973-9481 or email [equity@nfc.edu](mailto:equity@nfc.edu).

### **Student Rights**

As members of the College community, students have certain rights that include the following.

Students have the

- Right to a quality education;
- Right to freedom of expression;
- Right to hold public forums;
- Right to peacefully assemble;
- Right to a fair and impartial hearing;
- Right to participate in Student Government;
- Right to be a member in authorized student organizations;
- Right to appeal College decisions through established grievance procedures;
- Right of personal respect and freedom from humiliation and control;
- Right to make the best use of the student's time and talents and to work toward the goal which brought the student to the College; and
- Right to ask about and recommend improvements in policies that affect the welfare of students.

### **Student Responsibilities**

As members of the College community, students have certain responsibilities that include the following.

Students are

- Expected to assume responsibility for knowing the rules, regulations and policies of the College;
- Expected to meet the course and graduation requirements of the students' program of study;
- Expected to keep college records current with up-to-date addresses and other information;
- Expected to meet with an academic advisor at least once each term;
- Expected to comply with College rules, regulations and policies; and
- Expected to behave in a manner which demonstrates respect for others and self.

### **Student Rights Under the Family Educational Rights and Privacy Act (FERPA)**

FERPA affords students certain rights with respect to their educational records.

1. The right to inspect and review the student's educational records.
2. The right to request the amendment of the student's educational records to ensure that they are not inaccurate, misleading, or otherwise in violation of the student's privacy or other rights.
3. The right to consent to disclosure of personally identifiable information contained in the student's educational records, except to the extent that FERPA authorizes disclosures without consent.
4. The right to file with the U.S. Department of Education a complaint concerning alleged failures by North Florida College to comply with the requirements of FERPA. Please write to: U.S. Department of Education, 600 Independence Ave. S.W., Washington, D.C. 20203.
5. The right to obtain a copy of North Florida College's student record policy from the Office of the Registrar, North Florida College, 325 NW Turner Davis Drive, Madison, Florida 32340.

**Vulnerable Persons Act**

All faculty and staff of North Florida College are required by law to report any type of abuse of minors that they witness or become aware of through written or verbal communication, regardless of the time that has passed since the abuse occurred. Students are advised that any information, written or verbal, communicated in this class, or to the instructor in any way, in regards to any willful act or threatened act that results in any physical, mental, or sexual abuse, injury, or harm that causes or is likely to cause harm to the physical, mental, or emotional health of another to be significantly impaired is subject to disclosure as required per Florida State Statutes.
